Workshop: Topics in International Taxation
June 25 – 27, 2019
University of Tübingen

Leslie Robinson
Professor of Accounting and Taxation
Tuck School of Business at Dartmouth
Leslie.A.Robinson@tuck.dartmouth.edu

Objectives
We will explore international tax research with a specific focus on profit shifting. The format will be informal and discussion-based. As with everything we do, our goal is to build our understanding of the existing literature so that we can identify interesting questions that still need answers and effective methods for answering them.

Expectations
Students are expected to come well-prepared. Everyone is expected to have read all papers for the session. This ensures a lively discussion and that the course objectives are reached.

Schedule and Structure
1. June 25: 09.00-10.00  Background Discussion: Measuring and Monitoring BEPS
2. June 25: 10.15-12.15  Research: Methods and Data for Measuring BEPS
